**Carter's, Inc. Reports Third Quarter Fiscal 2018 Results**

- **Net sales \$924 million**
- **Diluted EPS \$1.53; adjusted diluted EPS \$1.61**
- **Returned \$209 million to shareholders through share repurchases and dividends in the first three quarters of fiscal 2018**
- **Q4 fiscal 2018 outlook: net sales growth of approximately 5%; adjusted diluted EPS growth of approximately 10%**

ATLANTA, October 25, 2018 - Carter's, Inc. (NYSE:CRI), the largest branded marketer in North America of apparel exclusively for babies and young children, today reported its third quarter fiscal 2018 results.

"We did not achieve our growth objectives in the third quarter," said Michael D. Casey, Chairman and Chief Executive Officer. "We saw less robust demand than expected for our fall transitional product offerings, especially during the Labor Day holiday shopping period. In the latter part of September, as cooler weather arrived in more parts of the United States, sales trends improved meaningfully and were more in line with our expectations. Given the improved trend in sales, together with the strength of our fall and holiday product offerings, we are expecting good growth in sales and earnings in the fourth quarter."

**Consolidated Results**

*Third Quarter of Fiscal 2018 compared to Third Quarter of Fiscal 2017*

Net sales decreased \$24.1 million, or 2.5%, to \$923.9 million, principally driven by a net sales decline in the Company's U.S. Wholesale segment, reflecting loss of sales to Toys "R" Us and Bon-Ton<sup>1</sup>, partially offset by growth in the U.S. Retail and International segments. Changes in foreign currency exchange rates in the third quarter of fiscal 2018 compared to the third quarter of fiscal 2017 adversely affected

consolidated net sales in the third quarter of fiscal 2018 by \$4.1 million, or 0.4%. On a constant currency basis (a non-GAAP measure), consolidated net sales decreased 2.1% in the third quarter of fiscal 2018.

Operating margin decreased 260 basis points to 11.2%, compared to 13.8% in the third quarter of fiscal 2017.

#### *First Three Quarters of Fiscal 2018 compared to First Three Quarters of Fiscal 2017*

Net sales increased \$3.3 million, or 0.1%, to \$2.4 billion, principally driven by growth in the Company's U.S. Retail and International segments, including contributions from the 2017 Mexico licensee and *Skip Hop* business, offset by a net sales decline in the U.S. Wholesale segment. Changes in foreign currency exchange rates in the first three quarters of fiscal 2018 compared to the first three quarters of fiscal 2017 favorably affected consolidated net sales in the first three quarters of fiscal 2018 by \$1.3 million, or 0.1%. On a constant currency basis (a non-GAAP measure), consolidated net sales increased 0.1% in the first three quarters of fiscal 2018.

Operating income in the first three quarters of fiscal 2018 decreased \$52.4 million, or 19.2%, to \$220.8 million, compared to \$273.2 million in the first three quarters of fiscal 2017. 2018 year-to-date results include \$12.8 million in charges related to the bankruptcy of a wholesale customer, Toys “R” Us, and \$3.5 million in charges related to changes in the Company’s business model in China. Operating margin decreased 220 basis points to 9.3%, compared to 11.5% in the first three quarters of fiscal 2017.

Adjusted operating income (a non-GAAP measure which excludes the \$12.8 million and \$3.5 million in charges noted above and other unusual items in the first three quarters of fiscal 2018 and 2017) decreased \$40.0 million, or 14.5%, to \$236.8 million, compared to \$276.8 million in the first three quarters of fiscal 2017. Adjusted operating margin (a non-GAAP measure) decreased 170 basis points to 10.0%, compared to 11.7% in the first three quarters of fiscal 2017, which principally reflects investments in retail and marketing and higher distribution expenses.

Net income in the first three quarters of fiscal 2018 decreased \$15.2 million, or 9.1%, to \$151.5 million, or \$3.20 per diluted share, compared to \$166.7 million, or \$3.42 per diluted share, in the first three quarters of fiscal 2017. Net income in the first three quarters of fiscal 2018 reflects an effective income tax rate of 22.3% compared to 34.0% in the first three quarters of fiscal 2017.

Adjusted net income (a non-GAAP measure) decreased \$3.8 million, or 2.3%, to \$164.5 million, compared to \$168.4 million in the first three quarters of fiscal 2017. Adjusted earnings per diluted share (a non-GAAP measure) in the first three quarters of fiscal 2018 increased 0.7% to \$3.48, compared to \$3.45 in the first three quarters of fiscal 2017.

Cash flow from operations in the first three quarters of fiscal 2018 was \$21.4 million compared to \$117.5 million in the first three quarters of fiscal 2017. The decrease reflects an increase in working capital and lower net income.

See the “Reconciliation of GAAP to Adjusted Results” section of this release for additional disclosures and reconciliations regarding non-GAAP measures.

## **2018 Business Outlook**

For the fourth quarter of fiscal 2018, the Company projects net sales to increase approximately 5% compared to the fourth quarter of fiscal 2017 and adjusted diluted earnings per share to increase approximately 10% compared to adjusted diluted earnings per share of \$2.33 in the fourth quarter of fiscal 2017. Net sales and adjusted earnings in the fourth quarter of fiscal 2018 assume a partial recovery of lost sales initially planned to Toys “R” Us and Bon-Ton.

For fiscal 2018, the Company projects net sales to increase approximately 1.5% compared to fiscal 2017 and adjusted diluted earnings per share to increase approximately 5% compared to adjusted diluted earnings per share of \$5.77 in fiscal 2017. Forecasted net sales and adjusted earnings for fiscal 2018 assume: 1) the Company recaptures approximately \$40 million of the \$80 million of the lost sales initially planned to Toys “R” Us and Bon-Ton over the last three fiscal quarters of 2018; 2) a reduction in discretionary spending from originally planned levels; and 3) an estimated effective tax rate of approximately 22%. This adjusted fiscal 2018 earnings forecast excludes: 1) the unusual charge of approximately \$12.8 million related to the Toys “R” Us bankruptcy (recorded in the first quarter); 2) charges totaling approximately \$3.5 million related to changes in the Company’s business model in China (recorded in the third quarter); and 3) a benefit of approximately \$0.4 million related to an insurance recovery associated with unusual storm-related store closures (recorded in the first quarter).

The Company believes these non-GAAP measurements provide investors with a meaningful view of the Company’s core operating results, and are the same measurements used by the Company's executive management to assess the Company's performance.

## **Adoption of New Accounting Standard**

Beginning in fiscal 2018, the Company adopted the Financial Accounting Standards Board’s Accounting Standards Codification No. 606, *Revenue from Contracts with Customers*, and related amendments (“ASC 606”) using the full retrospective adoption method. All periods in fiscal 2017 and fiscal 2016 were amended to reflect these provisions, and retained earnings at January 2, 2016 (beginning of fiscal 2016) were adjusted for the cumulative effect of periods prior to fiscal 2016. The adoption of ASC 606 had no material effect on the Company’s consolidated financial position, results of operations, or cash flows.

EBITDA and Adjusted EBITDA are supplemental financial measures that are not defined or prepared in accordance with GAAP. We define EBITDA as net income before interest, income taxes, and depreciation and amortization. Adjusted EBITDA is EBITDA adjusted for the items described in footnotes (a) - (g) to the table above.

We present EBITDA and Adjusted EBITDA because we consider them important supplemental measures of our performance and believe they are frequently used by securities analysts, investors, and other interested parties in the evaluation of companies in our industry. These measures also afford investors a view of what management considers to be the Company's core performance.

The use of EBITDA and Adjusted EBITDA instead of net income or cash flows from operations has limitations as an analytical tool, and you should not consider them in isolation, or as a substitute for analysis of our results as reported under GAAP. EBITDA and Adjusted EBITDA do not represent net income or cash flow from operations as those terms are defined by GAAP and do not necessarily indicate whether cash flows will be sufficient to fund cash needs. While EBITDA, Adjusted EBITDA and similar measures are frequently used as measures of operations and the ability to meet debt service requirements, these terms are not necessarily comparable to other similarly titled captions of other companies due to the potential inconsistencies in the method of calculation. EBITDA and Adjusted EBITDA do not reflect the impact of earnings or charges resulting from matters that we consider not to be indicative of our ongoing operations. Because of these limitations, EBITDA and Adjusted EBITDA should not be considered as discretionary cash available to us for working capital, debt service and other purposes.

## RECONCILIATION OF U.S. GAAP AND NON-GAAP INFORMATION

The table below reflects the calculation of constant currency for total net sales of the International segment and consolidated net sales for the fiscal quarter and three fiscal quarters ended September 29, 2018:

	Fiscal Quarter Ended

	Three Fiscal Quarters Ended					
	Reported Net Sales September 29, 2018	Impact of Foreign Currency Translation	Constant- Currency Net Sales September 29, 2018	Reported Net Sales September 30, 2017	Reported Net Sales % Change	Constant- Currency Net Sales % Change
Consolidated net sales	\$ 2,375.9	\$ 1.3	\$ 2,374.6	\$ 2,372.6	0.1%	0.1%
International segment net sales	\$ 301.8	\$ 1.3	\$ 300.5	\$ 283.6	6.4%	5.9%

The Company evaluates its net sales on both an “as reported” and a “constant currency” basis. The constant currency presentation, which is a non-GAAP measure, excludes the impact of fluctuations in foreign currency exchange rates that occurred between the comparative periods. Constant currency net sales results are calculated by translating current period net sales in local currency to the U.S. dollar amount by using the currency conversion rate for the prior comparative period. The Company consistently applies this approach to net sales for all countries where the functional currency is not the U.S. dollar. The Company believes that the presentation of net sales on a constant currency basis provides useful supplemental information regarding changes in our net sales that were not due to fluctuations in currency exchange rates and such information is consistent with how the Company assesses changes in its net sales between comparative periods.
